REQUEST FOR CORRECTED OFFICIAL FILING RECEIPT

Assistant Commissioner for Patents
Washington, DC 20231

Dear Sir:

Applicants hereby request that a corrected Official Filing Receipt be issued in the above-identified application. The Official Filing Receipt, received by Applicants, a marked-up, corrected copy of which is attached hereto, has errors with respect to the Filing Date and Continuing Data as Claimed by Applicants.

I. Filing Date

Applicants filed the above-identified Application via Express Mail under 37 C.F.R. § 1.10 on January 23, 2002. A copy of the letter transmitting the patent application dated January 23, 2002, including a certification of Express Mail deposit stamped January 23, 2002 are enclosed. Additionally, a copy of the stamped, Express Mail receipt dated January 23, 2002 is enclosed.

The Official Filing Receipt incorrectly lists the filing date as January 22, 2002. Applicants request that this date be changed to January 23, 2002.

Additionally, Applicants request that all pertinent USPTO records relating to the instant Application be changed to reflect the correct filing date.

II. Domestic Priority Data as Claimed by Applicants

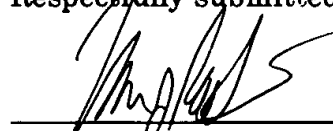

The Official Filing Receipt does not indicate the continuing data as claimed by Applicants. A copy of the cover letter and page 1 of the specification claiming priority under 35 U.S.C. 119 (e) of Utility Application No. 09/356,384 entitled "Baseband Signal Converter for a Wideband Impulse Radio Receiver" is attached. Applicants request that the continuing data be included to reflect the following: -- benefit of co-pending U.S. Application Serial No. 09/356,384 filed on 7/16/1999 --

Additionally, Applicants request that all pertinent USPTO records relating to the instant Application be changed to reflect the priority data.

No fee is required for this Request.

The Commissioner is authorized to charge any additional fees or credit any overpayment coincident to this Request to Deposit Account 23-0035.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

APPLICATION FOR UNITED STATES LETTERS PATENT

Be it known that we, Preston Jett, a citizen of United States, residing at 1312 Brookmeade, Huntsville, Alabama 35816; Lawrence E. Larson, a citizen of United States, residing at 13771 Mercado Drive, Del Mar, California 92014; Bret A. Pollack, a citizen of United States, residing at 1721 Aviation Boulevard, Apartment 47, Redondo Beach, California 90278; David A. Rowe, a citizen of United States, residing at 5309 Asteria Street, Torrance, California 90503; have invented a new and useful "Baseband Signal Converter for a Wideband Impulse Radio Receiver".

This application claims benefit of co-pending U.S. Application Serial No. 09/356,384 filed July 16, 1999, entitled "Baseband Signal Converter for a Wideband Impulse Radio Receiver", the disclosure of which is hereby incorporated by reference.

BACKGROUND OF THE INVENTION

The present invention relates generally to radio receivers adapted to receive and process wideband impulse radio signals. More particularly, this invention pertains to devices and circuits for accurately converting in an impulse radio receiver a series of time-modulated radio pulses into a baseband signal.

There is a continuing need for the development of advanced wireless devices for communications of voice and data, for materials measurement, navigation, environmental sensing, radar, security and numerous other civilian and military applications of radio technology. Improvements are needed in the underlying technology to provide greater reliability, greater accuracy, lower power
